M: +47 454 58 762

T: +47 23 01 18 58

For more than 15 years, Inge Kristian has worked specifically with standard and customized agreements within the IT sector. He has extensive experience from both the customer and the supplier perspectives, including in regards to the drafting and the day-to-day management of contracts for managed services, infrastructure, software development, application management etc. He has assisted many clients with specific legal advice regarding implementation of cloud services, such as SaaS. Inge Kristian is a board member of the Norwegian Computer Society's working group for Cloud Computing.

Inge Kristian has also worked as the director of operations in the Norwegian branch of a global IT company, where he gained hands-on management experience including within areas such as audits, quality assurance and ISO 9001 certification.

Furthermore, Inge Kristian is the data protection officer ("personvernombud") in Schjødt. He has worked more than 10 years with data protection laws and regulations, both as a lawyer and as the "data protection officer" in an IT company. His experience includes assessments of data protection related aspects of the procurement of cloud services, legal review of data processing agreements etc. He has practical experience regarding implementation and follow-up of GDPR compliance measures.
