Head of M&A

Tord is head of our M&A department. He works primarily with advising industrial companies and investment funds in mergers & acquisitions, capital market transactions and restructurings.

One of his expertise areas is transactions involving technology companies and he has written an extensive article on this subject ("Oppkj p av teknologibedrifter"). He also has extensive experience with transactions and other advisory services for biotech and pharmaceutical companies.

Tord also heads Schj dt's working group for Fisheries & Aquaculture and is ranked as one of the leading lawyers in Norway.

Practice areas
